

MacArthur Slated to End Long Reign As Chief of Staff in August

WASHINGTON — It looks as if the prolonged term of General Douglas MacArthur as Chief of Staff is about to end.

August is the date set in Army circles for his assumption of a new command. A special new assignment is in prospect—perhaps the job of amalgamating the air services of the Army and Navy. This is a job which needs doing and which would keep occupied the restless, nervous energy of General MacArthur.

The General, when he goes, will be remembered in the State, War and Navy Building as one who probably got more from Congress and the White House for the Army than any of its recent Chiefs of Staff. He is remembered for him, because of his sediments.

Will you please be remembered for your cigarette and tell me the Japanese fan, for frying them? His hand is placed up and down the room, and finally for his sensitiveness.

How a man so brave in battle could be so thin-skinned in peace, is a paradox which often puzzles his best friends.

New Chief of Staff

MacArthur's successor will be selected from one of three men. They are:

Major General George S. Simonds, now Deputy Chief of Staff, and perhaps the most likely bet to fill MacArthur's shoes.

Major General Malin Craig, now commander of the Army War College, and one of the outstanding generals in the Army.

Major General Stuart Heintzman, also an able officer, and considered by some a good bet because, like Roosevelt, he studied at Groton. He is reported to be renting a house in the Capital in August.

General Simonds is one of the few army or navy officers who has served at disarmament conferences and sincerely worked for disarmament. Most others did it with tongue in cheek. He knows Europe intimately and for that reason is said to meet with favor at the White House, where the European situation is viewed as genuinely serious.

Etiquette

Mrs. William D. Connor, wife of the superintendent of the United States Military Academy, was giving an official dinner at West Point. Among the guests was the Japanese Military Attache.

And in honor of the occasion, Mrs. Connor had brought forth a special set of dishes on which were the likenesses of famous royal personages.

As a special gesture, her Japanese guest was given a plate on which was the likeness of Her Imperial Majesty, the Empress of Japan.

The Japanese Military attache took a forkful of salad, then nearly went into convulsions. Others at the table wondered if the lettuce were poisoned, or if he didn't like onions.

But he had seen the likeness of the Empress. And in Japan it is less majestic to look upon Her Majesty's face. Only once or twice a year does she show herself, and then veiled.

Another guest, who had been in Japan, whispered to Mrs. Connor and the plate was taken away.

From its substitute peered up the stern but safe visage of the King of Sweden.

WHEAT OFFER PREDICTED AT 60-CT. MARK

Price for Old Wheat Falls Seven Cents in Two Days on Local Market

MAY DELAY ITS SALE

Last Year's Opening Offer 79 Cents

Indications were today that wheat would bring not over 60 cent per bushel when the new "golden grain" is offered to milling companies in Circleville and Pickaway-co.

Some elevator operators expressed belief that the offer for the new crop would be around 65 cents but the trend shown in the past few days has been steadily downward. Old wheat offers fell four cents on Friday and three

cents on Saturday to make the offer of one local milling company 68 cents.

Below Corn Price
The offer for wheat Saturday was 10 cents below yellow corn and 13 cents below white corn.

Indications are that many farmers will store their wheat anticipating higher prices while others will sell as soon as possible at the prevailing market price whatever that is.

Last year the first offer for new wheat was 79 cents and in 1933 it was 88 cents.

In the depression days of 1932 the starting price was around 37 cents.

A number of Pickaway-co farmers who have been impeded by heavy rains were in their fields Sunday cutting wheat.

Railroad Plans

New Fast Freight?

Rumors have been heard in this and other cities that the Pennsylvania railroad is planning to initiate a new fast freight service on its lines between Cincinnati and Pittsburgh through Washington C. H., Circleville, Lancaster and Zanesville.

If such a plan should be put into effect it would mean considerable improving of the present road and bridges.

The rumor is to the effect that if the new fast freight plan is installed 200 cars per month and possibly many more will be handled.

The rejuvenation of the Pennsylvania railroad's C. & M. V. line is traceable almost alone to the immense business provided by the J. W. Eshelman and Son mill here. Prior to the purchase of the mill by the Eshelman interests it was rumored freely that the Pennsylvania would abandon its line into this city.

TAX PROGRAM HEARINGS ON

Hard Fight May Force Session To Be Dragged On; FDR Urges Speed.

WASHINGTON, July 8.—The administration entered on one of its most critical legislative battles today as the House ways and means committee opened hearings on the President's tax program.

While Democratic leaders hoped to speedily enact a tax program and make adjournment possible before September 1, there was a possibility of a bitter battle developing which may drag the session into the fall months.

The treasury was to furnish the committee with estimates of revenue to be raised by several tentative schedules of inheritance and gift taxes, income taxes and graduated corporation taxes.

The tentative rate schedules submitted to the treasury by the ways and means taxation subcommittee were designed to raise from \$300,000,000 to \$500,000,000 a year.

She says all payments have been made and now the stock and mortgage should be returned.

Several Wayne-twp properties were badly damaged by water which filled their lands after the cloudburst.

The petitions will ask that the dam to be used in the park supported by the Pickaway-co Farmers and Sportsman's Protective association be lowered, and that the culverts in the township be enlarged to better handle high water.

Some of the petitioners included Hulse Hays, Beryl Stevenson, John Stevenson, C. E. Groce, C. A. Weldon representing Mrs. Georgia James, John Peters, Kermit Thomas and Donald Watt. The county commissioners were also to sign the petitions.

VETERANS HIT CIVIL SERVICE REVISION PLAN

Sherrill Favors Eliminating 20 Per Cent Preference for Vets

EMMONS OPPOSED

Davey's Board Favors Five-Man Board

COLUMBUS, July 8.—Col. C. O. Sherrill, the mild-mannered "good government expert," today told Governor Davey Ohio's state civil service was in a bad way, that the civil service commission should be radically reorganized and its regulations changes in many major respects.

Immediate effect of his recommendations was comparable to the result obtained by prodding a hornet's nest.

"Impractical as well as ridiculous" was the way Ralph W. Emonds, chairman of the present civil service commission, described the Sherrill plan for a five-man non-salaried commission. But he welcomed a \$20,000 budget increase recommended by the colonel.

In unison spokesmen for every major veterans organization in Ohio pounced upon Sherrill's suggestion that the 20 per cent preference given ex-service men in civil service ratings be eliminated.

To abolish the preference, legislation would be necessary, and the ex-service men loudly served notice they would bend every effort to prevent amendment of the present law.

Their contention was that veterans deserve the preference because of disciplinary training.

Silent on the Sherrill recommendations, Governor Davey will have them studied by his special committee of three appointed for that purpose.

Five-Man Group
Instead of the present two-man civil service commission, he proposed a five-man non-salaried group, aided by a director of personnel administration who would be paid \$6,000 to \$7,500 a year.

Colonel Sherrill, who last week pointed the way to a million dollars a year savings in the tax commission, found the appropriation for the civil service commission inadequate.

LOGAN ELM STILL HAS MORE MONEY THAN CUSTOMARY

Clark K. Hunsicker, Pickaway-co's representative in the general assembly, pointed out today that although the appropriation for Logan Elm state park had been slashed in half by Governor Davey's economy action, the park will have more to spend in the next two years than usual.

Mr. Hunsicker had succeeded in obtaining \$1,000 for each 1935 and 1936 for the park, but the governor cut the appropriation in half. Even with \$500 allotted for each year that is more than \$385, the usual allotment for the park.

W. E. SEALOCK, EX-EDUCATOR, TAKES POISON

Head of Local Schools for Number of Years Found Dead in Omaha Home

RECENTLY OUSTED

Friend Tells Officials he Took Own Life

Dr. W. E. Sealock, aged 56, superintendent of schools here from 1906 to 1914, was dead today at his home in Omaha, Neb., a reported suicide. A friend, Paul L. Martin, who found him, said that Dr. Sealock had taken poison.

The report of Dr. Sealock's death came as a shock to a number of friends here. He was through this city two weeks ago and called on several friends. He seemed in good health.

Recently Dismissed
Dr. Sealock had recently been ousted as president of the Municipal university in Omaha. His dismissal took place several weeks ago after the board of regents inquired into a "spy" system on the school campus. Two members of the board resigned as the result of the ouster, and protests were heard from the American Association of University Professors, members of the alumni and social and civic groups.

The educator was an Ohio native. He resigned his position here after much success to become a supervisor of high schools in the Ohio department of education. He then became a teacher in Iowa State college where he served until 1918.

Before he became president of the university when it was taken over by the city in 1933, Dr. Sealock was dean of the teachers' college in the University of Nebraska. He taught for two summers at Columbia university, New York.

Spoke on War

The last appearance of Dr. Sealock publicly in this city before he left was the occasion of an address before the Methodist Men's club where he outlined the causes for the World War which had only recently started. He was an active Methodist.

He leaves his widow and a daughter, Thelma.

WAYNE RESIDENTS TO FILE PETITIONS

Farm Group to Ask That Dam Be Lowered, Culverts Made Larger in Township.

Wayne-twp residents today were signing petitions to be presented to the state board of public works and the state highway department urging that action be taken so there is not a repetition of the flood water trouble of last week.

Several Wayne-twp properties were badly damaged by water which filled their lands after the cloudburst.

The petitions will ask that the dam to be used in the park supported by the Pickaway-co Farmers' and Sportsman's Protective association be lowered, and that the culverts in the township be enlarged to better handle high water.

Some of the petitioners included Hulse Hays, Beryl Stevenson, John Stevenson, C. E. Groce, C. A. Weldon representing Mrs. Georgia James, John Peters, Kermit Thomas and Donald Watt. The county commissioners were also to sign the petitions.

VETERANS HIT CIVIL SERVICE REVISION PLAN

Sherrill Favors Eliminating 20 Per Cent Preference for Vets

EMMONS OPPOSED

Davey's Board Favors Five-Man Board

COLUMBUS, July 8—Col. C. O. Sherrill, the mild-mannered "good government expert," today told Governor Davey Ohio's state civil service was in a bad way, that the civil service commission should be radically reorganized and its regulations changes in many major respects.

Immediate effect of his recommendations was comparable to the result obtained by prodding a hornet's nest.

"Impractical as well as ridiculous" was the way Ralph W. Emmons, chairman of the present civil service commission, described the Sherrill plan for a five-man non-salaried commission. But he welcomed a \$20,000 budget increase recommended by the colonel.

Veterans Opposed

In union spokesmen for every major veterans organization in Ohio pounced upon Sherrill's suggestion that the 20 per cent preference given ex-service men in civil service ratings be eliminated.

To abolish the preference, legislation would be necessary, and the ex-service men loudly served notice they would bend every effort to prevent amendment of the present law.

Their contention was that veterans deserve the preference because of disciplinary training.

Silent on the Sherrill recommendations, Governor Davey will have them studied by his special committee of three appointed for that purpose.

Five-Man Group

Instead of the present two-man civil service commission, he proposed a five-man non-salaried group, aided by a director of personnel administration who would be paid \$6,000 to \$7,500 a year.

Colonel Sherrill, who last week pointed the way to a million dollars a year savings in the tax commission, found the appropriation for the civil service commission inadequate.

LOGAN ELM STILL HAS MORE MONEY THAN CUSTOMARY

Clark K. Hunsicker, Pickaway-co's representative in the general assembly, pointed out today that although the appropriation for Logan Elm state park had been slashed in half by Governor Davey's economy action, the park will have more to spend in the next two years than usual.

Mr. Hunsicker had succeeded in obtaining \$1,000 for each 1935 and 1936 for the park, but the governor cut the appropriation in half. Even with \$500 allotted for each year that is more than \$385, the usual allotment for the park.

Questions and Answers

Is there any way to remove the sediment from the bottom of a teakettle or a double boiler?

To prevent the sediment accumulating, do not allow water to stand in these vessels. If there is an accumulation of sediment, empty the kettle, and place it over low heat until the utensil is thoroughly dried and is hot throughout. Then invert and rap very gently with a wooden mallet. This will loosen the sediment and allow it to drop out.

Will you please give me a reliable recipe for cheese croquettes and tell me the best temperature for frying them?

Make a white sauce of 3 table-spoons of butter, one-third cup of flour, two-thirds cup of milk, one-fourth teaspoon of salt, paprika; add one-half cup of grated Parmesan cheese and one cup of American cheese cut into small pieces. Turn into a dish to cool. Shape, dip in egg and bread crumbs, and fry in deep-fat at 350 or 390 degrees.

To save time, I like to prepare my dinner vegetables in the morning and leave them in cold water. Is this procedure harmful, and if so in what way?

It is a time saver to prepare vegetables in advance but not a good practice, because vitamin B is soluble in water and will dissolve in the water in which foods are allowed to stand before or during cooking. If you wish to retain the full value of the food, select fresh, crisp vegetables which do not need to be soaked, keep them fresh after washing by proper refrigeration, and cook them if they are to be cooked, in as small an amount of water as possible. The cooking liquid may be saved for use in gravies and soup stocks.

Is it possible to remove a white ring from my mahogany table?

To remove a white ring from dark furniture, wring out a cloth in clean, warm water. Sprinkle the cloth with a few drops of household ammonia. Rub the ring with the cloth and after this treatment restore the finish to the furniture by rubbing it with furniture polish or liquid wax. Be sure to rub the furniture until it is thoroughly dry so that it will not collect dust.

INDIANS WIN TWO, NEARING HIGHER POST

Play in Sunday Double Header
Pleasing To Crowd; Goetz Is Showered.

COLUMBUS, July 8.—Followers of the Columbus Red Birds were a happy lot today following the Birds' double win over Milwaukee here yesterday. The flock, after a poor start, is starting to play like the team which brought the minor league championship to Columbus last year.

Bob Klinger and Jim Winford collaborated to pitch the Birds to wins, Klinger shutting out the Brewers 6 to 0, while Winford put them down with eight hits to earn a 7 to 2 win.

Indianapolis fans displayed real temperance by staging a pop bottle shower directed at Umpire Larry Goetz. Despite the unwelcome shower, the Indians were handed a 6 to 5 defeat in 10 innings by Minneapolis. The fans became peeved at Goetz for calling a questionable strike on Mickey Heath, Indian first baseman, who protested the umpire's decision.

The second contest between the two teams was ruled no game, only four innings being played.

St. Paul divided its double-header with Louisville, the Saints taking the first game, 5 to 4, and the Colonels hammering out a 12 to 6 win in the nightcap.

After taking the opener from Toledo, 8 to 2, the Kansas City Blues lost the second part of the twin bill, 7 to 4.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 4 of our food decays in our 23 feet of bowels. The decay sends poison all over our body every six minutes.

When our friends smell our bad breath (that we don't) and we feel like a whipped tomato, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and sends the poison in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—24¢. ©1934, C.M.Co.

League Leaders In Crucial Tilt

A softball game that may have quite a bearing on the first half championship of the league is on tap this evening with the league-leading Cities Service Oil team facing the fast-stepping Jones Specials.

To date, the Specials are the only players who have put the big on Clarence Helvering's crew. A Special victory tonight would tie the loop up with the Eshelman Feeds right on the tail of the leaders.

Either Buskirk or Hegele will hurt for the Oils with Bob Jones on the mound for the Specials. Tuesday the Purina Chows and Eshelman Feeds meet.

About This And That

BY THE SECOND GUESSER

Real Golf Tourney

A golf tournament that promises to be real interesting is being held on the Marietta Country club course today and Tuesday. It is the annual Southeastern Ohio Golf association tournament and in it will be Marietta, Chillicothe, Gallipolis, New Lexington, Athens, Lancaster, Jackson, Portsmouth, and Cambridge. On the Chillicothe team will be Spencer Dixon, Dutch Reed, Joe Woodyard, and Russell Drummond; the other two members were not announced. It would be a mighty fine thing if the Pickaway Country club if it could gain membership in the association and take part in the annual tournament.

"Dream" Game Today

The "dream" game of baseball was on today in Cleveland with the greatest baseball players of the world participating. It is the third annual all-star game for the benefit of relief funds of the two leagues, and for the benefit of baseball fans the nation over. Reservations have been reported from far and near. To play the law of averages one would almost have to pick the National league to win but were banking on the American league stars. "That's lots of power in them there bats!"

Showing of Birds

The showing of the Columbus Red Birds Sunday was enlightening to every person who witnessed the grand double header. The Birds looked like the best team in the association in the Milwaukee double bill, probably because Bob Klinger and Jim Winford were plenty tough to hit Klinger's curve ball in his shutout game was the best we've seen for a long while.

Number 663

ALEX MORRISON says: John J. Davis, Jr., of Sioux Falls, S. D., seeks a cure for topping. Every golfer, at some time or another, has suffered from this fault.

Topping isn't hard to overcome. It occurs when you pull in your arms or raise your head. It's easy to be deceived about where your club is going to strike. You may feel that you are swinging so that the clubhead will pass under the ball and yet swing right over the top of it. You are deceived because you rely upon your eyes to tell you where you're going to land. They can't help you in this instance.

It's a situation where only the feeling of your balance and wrists can tell you what's going to happen. Stand as straight as you can in starting your backswing. Remain as erect as possible throughout the swing and concentrate on swinging your hands down. Stand erect and swing down.

SPECTACLE OF BASEBALL ON IN CLEVELAND

Nearly 90,000 Crowd Way Into Stadium; Harder Is Cochrane's Choice.

CLEVELAND, July 8.—Baseball's mid-season spectacle, the annual Major all-star battle, a show staged with the flair and dash to do a Barnum credit, was ready for the 85,000 expected to see it this afternoon.

Crowds early today began pouring through the gates of the vast Municipal stadium, a big gray building on the shores of Lake Erie, a few blocks from Cleveland's downtown district.

Gates were thrown open early and there was a mad rush for the 10,933 bleacher tickets and for admittance on the field, limited to 5,000, which was roped off. Another 69,000 have purchased reserved tickets for the conflict.

Harder Is Favored

Mel Harder of the Cleveland Indians, last year's hero, and grinn-faced Hal Schumacher, the college-bred star of the New York Giants, were overnight selections to start on the mound.

The weather prediction for this third all-star game was "fair and moderate." Last night's light rain caused a scare, but the skies cleared later. In event of a postponement today, the game will be played tomorrow, schedule makers having taken care of this emergency by making it also an off day in the league races.

Mickey Cochrane, wired baseball writers here last night he would start Harder, the 25-year-old Nebraska on the mound. The big cornhusker saved last year's game by pitching one-hit baseball in the final five innings to give his team a 9 to 7 victory.

In the 1933 game at Comiskey Park, Babe Ruth's two-run homer was the winning blow, the final score being 4-2, so the National leaguers are looking for their first triumph today.

Frish, although a diamond enemy of Jimmy Wilson, manager of the Phils.—the feud dating back to when they were teammates at St. Louis—declared the Quaker leader would be behind the bat.

Pick Bill Walker. It wasn't until late last night that the National leaguers selected their fifth hurler. He is Bill Walker, veteran southpaw of the Cardinals, giving the world champions six players on the all-star squad. Ford Frick, president of the National league, announced Walker's name after conferring with Frisch and getting the permission of Will Harridge, American league president.

BIRIES WIN TWO, NEARING HIGHER POST

Play in Sunday Double Header Pleasing To Crowd; Goetz Is Showered.

COLUMBUS, July 8.—Followers of the Columbus Red Birds were a happy lot today following the Birds' double win over Milwaukee here yesterday. The flock, after a poor start, is starting to play like the team which brought the minor league championship to Columbus last year.

Bob Klinger and Jim Winford collaborated to pitch the Birds to wins, Klinger shutting out the Brewers 6 to 0, while Winford put them down with eight hits to earn a 7 to 2 win.

Indianapolis fans displayed real temperment by staging a pop bottle shower directed at Umpire Larry Goetz. Despite the unwelcome shower, the Indians were handed a 6 to 5 defeat in 10 innings by Minneapolis. The fans became peeved at Goetz for calling a questionable strike on Mickey Heath, Indian first baseman, who protested the umpire's decision.

The second contest between the two teams was ruled no game, only four innings being played. St. Paul divided its double-header with Louisville, the Saints taking the first game, 5 to 4, and the Colonels hammering out a 12 to 6 win in the nightcap.

After taking the opener from Toledo, 8 to 2, the Kansas City Blues lost the second part of the twin bill, 7 to 4.

SPECTACLE OF BASEBALL ON IN CLEVELAND

Nearly 90,000 Crowd Way Into Stadium; Harder Is Cochrane's Choice.

CLEVELAND, July 8.—Baseball's mid-season spectacle, the annual Major all-star battle, a show staged with the flair and dash to do a Barnum credit, was ready for the 85,000 expected to see it this afternoon.

Crowds early today began pouring through the gates of the vast Municipal stadium, a big gray building on the shores of Lake Erie, a few blocks from Cleveland's downtown district.

Gates were thrown open early and there was a mad rush for the 10,933 bleacher tickets and for admittance on the field, limited to 5,000, which was roped off. Another 69,000 have purchased reserved tickets for the conflict.

Harder Is Favored

Mel Harder of the Cleveland Indians, last year's hero, and grinning Hal Schumacher, the college-bred star of the New York Giants, were overnight selections to start on the mound.

The weather prediction for this third all-star game was "fair and moderate." Last night's light rain caused a scare, but the skies cleared later. In event of a postponement today, the game will be played tomorrow, schedule makers having taken care of this emergency by making it also an off day in the league races.

Mickey Cochrane wired baseball writers here last night he would start Harder, the 25-year-old Nebraska on the mound. The big cornerhitter saved last year's game by pitching one-hit baseball in the final five innings to give his team a 9 to 7 victory.

In the 1933 game at Comiskey Park, Babe Ruth's two-run homer was the winning blow, the final score being 4-2, so the National leaguers are looking for their first triumph today.

Frisch, although a diamond enemy of Jimmy Wilson, manager of the Phils., the feud dating back to when they were teammates at St. Louis—declared the Quaker leader would be behind the bat.

Pick Bill Walker

It wasn't until late last night that the National leaguers selected their fifth hurler. He is Bill Walker, veteran southpaw of the Cardinals, giving the world champions six players on the all-star squad. Ford Frick, president of the National league, announced Walker's name after conferring with Frisch and getting the permission of Will Harridge, American league president.

SCHMELING NEXT LOUIS OPPONENT

BERLIN, July 8.—Cautiously pounding his way to a 12 round decision over Paulino Uzcudun, Max Schmeling today had "practically agreed" to meet Joe Louis in New York in September, his manager, Joe Jacobs said.

Jacobs was keeping after Schmeling all day today trying to get him to sign on the dotted line. "I explained to Max that it's the only logical fight now, and judging by his form, I think he'll win it," Jacobs said.

Jesse Owens Weds

Mr. and Mrs. Owens

Stopping in Cleveland between track events in the west and a meet in New York, Jesse Owens record-breaking athlete, takes as his bride Minnie Ruth Solomon, childhood sweetheart. The Ohio State sprinting and jumping star is pictured kissing Mrs. Owens just after the ceremony in her home. He is 22. His wife is a beauty parlor operator.

Self-Sabotage

Here is some of the sabotage from the President's own leaders which defeated him on the Holding Corporation Bill, and which his friends say he very much regrets:

Speaker Joe Byrns—issuing statements to the press while the bill was still in committee, disparaging the "death sentence" provisions.

Chairman John O'Connor of the Rules Committee—opposing and balking the roll call vote desired by the President; ducking the "teller" vote.

Acting Floor Leader John Taylor—absenting himself from the "teller" vote.

Whip Pat Bohand—voting against the "death sentence" in the "teller" vote.

Chairman Jim Buchanan of the Appropriations Committee—sitting in the spectators' gallery and not voting during the "teller" count.

Representative Isabella Greenway, close friend of the President and Mrs. Roosevelt, a relationship that gives her much prestige and influence in the House—ducking the "teller" vote.

TRAFFIC TOLL IN NATION IS NEARING 100

Grade Crossings, Automobile
Collisions Add to Great
Sunday Toll.

By International News Service
America counted a death toll
rapidly near the 100 mark today
following one of the most fatal
motor holiday periods in recent
months. Grade crossing crashes,
head-on collisions, overturning of
speeding cars on curves all con-
tributed to the unusually high
death toll.

Five persons, four women and
a man, plunged to their death
when an automobile hurtled over
a 35-foot cliff into the Pacific
ocean at San Diego, Cal.

A grade crossing train-auto
crash near Chesterton, Ind.,
resulted in the death of five
merry-makers returning from a
dance, and possibly fatal injuries
to two other occupants of the
automobile.

Baseball Fans Dead

Five baseball fans returning
from a rural neighborhood game
in Missouri suffered a similar fate
when their automobile was struck
at a grade crossing by a Frisco
motor train.

Highways of Pennsylvania,
crowded with motorists seeking
relief from a two-day heat wave,
accounted for 13 deaths, while 14
others were injured, fatally in
auto accidents in the Chicago
metropolitan area.

Vacations and week-end motor-
ists seeking succor from the
heat wave along the cool New
England highways suffered a casu-
alty list of seven deaths in the
Atlantic coast area, from Con-
necticut northward, while still
farther north a train-automobile
crash brought death to four
French-Canadians at Valleyfield,
Que. In the latter crash, a seven-
month-old baby in the car
escaped practically unscathed.

A head-on truck-auto collision
near Toledo, O., resulted in deaths
of five Detroit men, all occupants
of the automobile.

COP IS WOUNDED

GALION, July 8.—William
Stinson, 25, of Lancaster, Pa.,
was in critical condition today
after being shot during a fight
with police. Patrolman Charles
Fegely was also wounded when
Stinson, and another suspect,
who escaped, tried to put him out
of the police car after he arrested
them for investigation.

RACER INJURED

MARYSVILLE, July 8.—Mark
Morgan, 28, auto race driver, was
seriously hurt Sunday when his
car left the track and overturned
at the Union-co fair grounds. He
suffered a dislocated shoulder,
broken left wrist and bruises.

U. S. Arranges to Hang First Man Sentenced to Die Under Lindbergh Law

U. S. Marshalls Face
Task of Springing
Gallows' Trap

MUSKOGEE, Okla.,—Unless the
supreme court or the president of
the United States intervenes,
Arthur Gooch, good-looking
Okmulgee, Okla., butcher boy who
turned kidnaper, will be hanged
here Sept. 13 for the abduction of
two Texas officers last December.

Convicted by a federal court
jury at Durant, Gooch was rush-
ed to the city-federal jail here for
safe keeping. There, on June 19,
Federal Judge Robert L. Williams
meted out the first death sentence
in the United States under the
Lindbergh law.

Gooch has been at odds with
the law since 1930 when he was
first arrested on a forgery charge.
Released, he figured in a number
of robberies in eastern Oklahoma
for which officers trailed him until
last November, when he was ar-
rested at Holdenville and placed
in the Hughes county jail.

In Jail Less Than a Week
Gooch stayed in jail less than a
week. With the help of a fellow
prisoner, Ambrose Nix, he slugged
the jailer, escaped, stole an auto-
mobile and fled to Texas.

Cornered at a Paris, Texas, fill-
ing station the following day by
R. N. Baker, assistant police chief,
and H. R. Marks, patrolman, the
two desperadoes beat the officers to
the draw, forced them into their
own automobiles and drove them
into the wilds of the Kiamichi
mountains of southeastern Okla-
homa where they held them cap-
tive for 18 hours before releasing
them near Cloudy, Okla.

Gooch and Nix roamed at large
until Dec. 26, when they shot it
out with the law near Okemah,
Okla. Nix was killed and Gooch
fell to the ground begging the of-
ficers not to kill him. Rushed to
the Muskogee jail after Okemah
citizens voiced mob violence,
Gooch was held without bond until
the June term of federal court
which opened at Durant.

Judge's Decision
Judge Williams signed down at
the defendant almost sorrowfully
as he handed down the first death
sentence under the recently enact-
ed federal kidnapping statute.

"It is no pleasure to me to sen-
tence a man to die," he said. "But
when men like you roam the
country like a pack of mad dogs
killing, robbing and kidnapping, I
am going to do it."

The formal sentence was:
"I hereby sentence this defend-
ant, Arthur Gooch, for the felony
for which he has been convicted
and in accordance with the verdict
of the jury, on Friday, Sept. 13, at
the city-federal jail at Muskogee,
within the hours of that day, to
hang by the neck until he is dead."

First in 36 Years
Gooch's hanging will be the first
legal execution in Muskogee in 36
years. In 1899 Charles Culley, a
negro, was hanged for killing a
white man. A year previously
Mathew Craig of Tahlequah was
hanged here for murdering a
deputy United States marshal.

Muskogee has no gallows and
present-day marshalls know little

Federal Judge Robert L. Williams: "It is no pleasure to me to sentence a man to die."

Groove built in the west side of the Muskogee, Okla., city-federal jail for erection of gallows if needed.

of the fundamentals of how a per-
son should be hanged. When the
new city-federal jail was built
here in 1902 a place was left in the
west side for the gallows and fed-
eral attaches have intimated it
probably will be placed there.

Sam Swinney, U. S. marshal for
the eastern Oklahoma district, will
spring the trap and Dr. John Rey-
nolds, mayor of Muskogee and
federal jail physician, will pro-
nounce the victim dead.

LOSS IN STORM NOT SO SERIOUS TO WATT LANDS

As the high water receded follow-
ing the cloudburst west of the
city last Wednesday night, it de-
veloped that the damage to crops
in some particular instances was
not as serious as first reports indi-
cated. On the Watt tract of land,
three or four acres of shocked
wheat was washed against the
fence, but much of this has since
been salvaged. It was at first re-
ported that 25 acres had been dam-
aged.

Lee Bricker, who lost a brooder
house in the flood, is not a tenant
on the Watt farm but occupies a
residence on the Thomas land.

It may be all good practical

BENDER STARTS OHIO G. O. P. MEET

CLEVELAND, July 8.—Some
5,000 Republicans from six states
gathered here today at the
opening session of a two-day
nationally hooded by its sponsors
as an event that will go down in
history, and criticized by its foes
as a political sideshow.

The battle cry for the meeting
was sounded by George H. Bender
of Cleveland, former state senator
and chief planner, defender, and
chairman of the conference. In
an address which headlined to-
day's session, he called the as-
sembled delegates to work to-
gether in a cause destined to
transcend and break traditional
party lines.

Bender promised that "no gag
rule will mar this conference."
And events to date indicated that
the delegates took him at his
word.

CIGARETTE CAUSES LOSS OF AWNING

A cigarette apparently tossed
from the window of the clerk of
court's office caused loss of an
awning at the court house Monday
morning.

Attorney George Gerhardt dis-

fire department.
The awning covered a window
of the treasurer's office.
The heat was so great that the
window glass was cracked.

MARTIN ARRESTED FOR AIMING PISTOL

Fred Martin of the Lancaster-

default of \$500 bond after a hear-

aiming firearms at his wife. He
was held for grand jury action.

Martin was arrested by Sheriff
Charles Radcliff and Deputy Bob
Armstrong after he drove his wife
from the house at the point of a
revolver.

FIVE 'PIRATES' ROB GAMBLING SHIP

LONG BEACH, Cal., July 8.—
Five modern pirates, with black
silk stockings over their heads,
boarded the gambling ship Monte
Carlo, off Long Beach early today,
chained 13 members of the crew
together, and, at the point of
sawed-off shotguns, forced Cas-
hler J. M. Keller to hand over \$23-
000 in cash, and \$10,000 in jew-
elry left in pawn by visitors to
the ship.

They planned the theft, ap-
parently, to occur when the morn-
ing fog rolled in, to hide the ship
with a thick white curtain. The
Monte Carlo is anchored four
miles off shore—to be out of the
jurisdiction laws which prohibit
gambling.

International laws, however,
classify murder and robbery on
the high seas as piracy. Long

of the robbery, immediately noti-

be intensified later, it was said,

TRAFFIC TOLL IN NATION IS NEARING 100

Grade Crossings, Automobile
Collisions Add to Great
Sunday Toll.

By International News Service
America counted a death toll
rapidly near the 100 mark today
following one of the most fatal
motor holiday periods in recent
months. Grade crossing crashes,
head-on collisions, overturning of
speeding cars on curves all con-
tributed to the unusually high
death toll.

Five persons, four women and
a man, plunged to their death
when an automobile hurtled over
a 35-foot cliff into the Pacific
ocean at San Diego, Cal.

A grade crossing train-auto
crash near Chesterton, Ind.,
brought death to five youthful
merrymakers returning from a
dance and possibly fatal injuries
to two other occupants of the
automobile.

Baseball Fans Dead

Five baseball fans returning
from a rural neighborhood game
in Missouri suffered a similar fate
when their automobile was struck
at a grade crossing by a Frisco
motor train.

Highways of Pennsylvania,
crowded with motorists seeking
relief from a two-day heat wave,
accounted for 13 deaths, while 14
others were injured fatally in
auto accidents in the Chicago
metropolitan area.

Vacations and week-end motor-
ists seeking succor from the
heat wave along the cool New
England highways suffered a casu-
alty list of seven deaths in the
Atlantic coast area, from Con-
necticut northward, while still
farther north a train-automobile
crash brought death to four
French-Canadians at Valleyfield,
Que. In the latter crash, a seven-
month-old baby in the car
escaped practically unscathed.

A head-on truck-auto collision
near Toledo, O., resulted in deaths
of five Detroit men, all occupants
of the automobile.

COP IS WOUNDED

GALION, July 8.—William
Stigerson, 25, of Lancaster, Pa.,
was in critical condition today
after being shot during a fight
with police. Patrolman Charles
Fegrell was also wounded when
Stigerson and another suspect,
who escaped, tried to put him out
of the police car after he arrested
them for investigation.

RACER INJURED

MARYSVILLE, July 8.—Mark
Morgan, 28, auto race driver, was
seriously hurt Sunday when his
car left the track and overturned
at the Union-co fair grounds. He
suffered a dislocated shoulder,
broken left wrist and bruises.

U. S. Arranges to Hang First Man Sentenced to Die Under Lindbergh Law

U. S. Marshalls Face
Task of Springing
Gallows Trap

MUSKOGEE, Okla.—Unless the
supreme court or the president of
the United States intervenes,
Arthur Gooch, good-looking
Okmulgee, Okla., butcher boy who
turned kidnaper, will be hanged
here Sept. 13 for the abduction of
two Texas officers last December.

Convicted by a federal court
jury at Durant, Gooch was rushed
to the city-federal jail here for
safe keeping. There, on June 19,
Federal Judge Robert L. Williams
meted out the first death sentence
in the United States under the
Lindbergh law.

Gooch has been at odds with
the law since 1930 when he was
first arrested on a forgery charge.
Released, he figured in a number
of robberies in eastern Oklahoma
for which officers trailed him until
last November, when he was ar-
rested at Holdenville and placed
in the Hughes county jail.

In Jail Less Than a Week
Gooch stayed in jail less than a
week. With the help of a fellow
prisoner, Ambrose Nix, he slugged
the jailer, escaped, stole an auto-
mobile and fled to Texas.

Cornered at a Paris, Texas, fill-
ing station the following day by
R. N. Baker, assistant police chief,
and H. R. Marks, patrolman, the
two desperadoes beat the officers
to the draw, forced them into their
own automobiles and drove them
into the wilds of the Kiamichi
mountains of southeastern Okla-
homa where they held them cap-
tive for 18 hours before releasing
them near Cloudy, Okla.

Gooch and Nix roamed at large
until Dec. 26, when they shot it
out with the law near Okemah,
Okla. Nix was killed and Gooch
fell to the ground begging the of-
ficers not to kill him. Rushed to
the Muskogee jail after Okemah
citizens voiced mob violence,
Gooch was held without bond until
the June term of federal court
which opened at Durant.

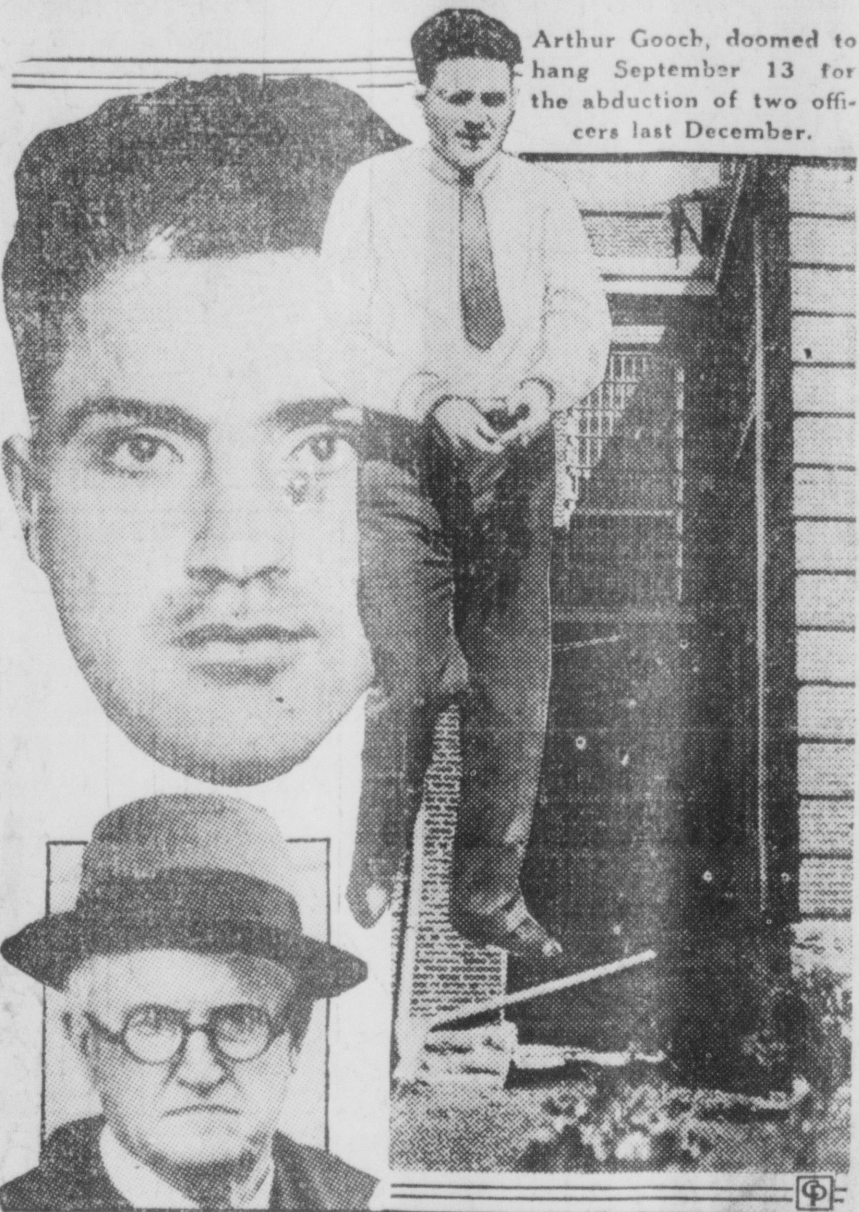

Judge's Decision
Judge Williams peered down at
the defendant almost sorrowfully
as he handed down the first death
sentence under the recently enact-
ed federal kidnaping statute.

"It is no pleasure to me to sen-
tence a man to die," he said. "But
when men like you roam the coun-
try like a pack of mad dogs
killing, robbing and kidnaping, I
am going to do it."

The formal sentence was:
"I hereby sentence this defend-
ant, Arthur Gooch, for the felony
for which he has been convicted
and in accordance with the verdict
of the jury, on Friday, Sept. 13, at
the city-federal jail at Muskogee,
within the hours of that day, to
hang by the neck until he is dead."

First in 36 Years
Gooch's hanging will be the first
legal execution in Muskogee in 36
years. In 1899 Charles Culley, a
negro, was hanged for killing a
white man. A year previously
Mathew Craig of Tahlequah was
hanged here for murdering a
deputy United States marshal.

Muskogee has no gallows and
present-day marshalls know little

Federal Judge Robert L. Williams: "It is no pleasure to me to sentence a man to die."

Groove built in the west side of the Muskogee, Okla., city-federal jail for erection of gallows if needed.

of the fundamentals of how a per-
son should be hanged. When the
new city-federal jail was built
here in 1902 a place was left in the
west side for the gallows and fed-
eral attaches have intimated it
probably will be placed there.

Sam Swinney, U. S. marshal for
the eastern Oklahoma district, will
spring the trap and Dr. John Rey-
nolds, mayor of Muskogee and
federal jail physician, will pro-
nounce the victim dead.

LOSS IN STORM NOT SO SERIOUS TO WATT LANDS

As the night water receded fol-
lowing the cloudburst west of the
city last Wednesday night, it de-
veloped that the damage to crops
in some particular instances was
not as serious as first reports in-
dicated. On the Watt tract of land,
three or four acres of shocked
wheat was washed against the
fence, but much of this has since
been salvaged. It was at first re-
ported that 25 acres had been dam-
aged.

Lee Bricker, who lost a brooder
house in the flood, is not a tenant
on the Watt farm but occupies a
residence on the Thomas land.

It may be all good practical
horse sense, but it looks like \$4-
000,000,000 worth of boon-doggling
